AKA EXTERNAL COMMERCIAL RELATIONS

Basic requirements, certification and warranty.

1. In connection with Customs legislation of the Russian Federation, any parcels of devices must be certified. The devices get a certificate that they are not dual-use i.e. cannot be used to make weapons.
2. Repair and maintenance of metal detectors takes place on the territory of the Russian Federation. The warranty for metal detectors is 2 years. Coil - 1 year. (after retail)
3. In order to add you to the list of our dealers, you need to send us your banner and the exact address of your store or company.

* You can learn the technical features of the metal detector on the official website: <https://aka-md.com>

Payment and shipment of goods.

1. For legal entities, the shipment of goods is carried out after signing the dealership agreement, the treaty and full payment. If you are our regular partner, we can consider 50% payment before shipment. The remaining 50% is paid upon delivery of the goods.
2. For individuals, the shipment of goods is carried out only after 100% payment of an invoice.
3. The transport company for sending the goods can be chosen by your own will. Transportation costs are not included in the price of the metal detector and are paid in accordance with the terms and prices of the transport company.
4. When the goods are out of stock, then its manufacture is carried out at 50% prepayment. The production time of goods will depend on the volume of your order and it is agreed in advance.
